

October 21, 2025

To all Saskatchewan Polytechnic Students' Association members:

As your student representatives, we are committed to advocating for a learning environment where all students, regardless of which campus they attend, are treated with fairness, respect, and dignity. With campuses in Moose Jaw, Prince Albert, Regina, and Saskatoon, it is essential that every student has equal access to quality education, support services, resources, and opportunities to succeed.

Recent decisions, such as the closure of campus bookstores in Moose Jaw and Prince Albert, raises serious concerns about the loss of equitable student experiences. These closures impact more than just access to course materials; they affect student support, community engagement, and the overall quality of the academic experience. Whether it's access to essential services, learning tools, or participation in decision-making, disparities between campuses undermine the values of equity and inclusion that Saskatchewan Polytechnic must uphold.

Equity does not mean identical treatment. It means recognizing and responding to the unique needs of students at each campus to ensure everyone has the opportunity to thrive. Every student, no matter their location, deserves to feel supported, included, and empowered.

We call on Saskatchewan Polytechnic's administration to work collaboratively with the student leadership to address these growing concerns and to prioritize equity in all institutional decisions. Together, we can build a more unified, responsive, and inclusive institution – one that supports all students equally.
